I have booked in, so we are definitely on for it. What time do you want to meet up, I will be there from 6pm.

I will have the PID with me, along with other information and we can get stuck into the project plan.

It will be good to discuss things prior to the partnership meeting the following day.

It would be useful to discuss the recreation strategy and 5 year plan if we have time.

I would like to get well through this by April.

Jeremy

PS Some great photographs on the disc Niall sent me.

I agree. An evening meeting means we are less likely to need to rush off, plus it's not socially acceptable to have a pint at 0730 :)
It'll be a good chance to give the figures a good look over and discuss the submitted PID - presume we'll have sight of the doc soon?

Kind regards,

David Russell

Thanks David,

I will book a room there. An evening meeting over a pint sounds an excellent idea.

Jeremy.

Hi Jeremy,

The Premier lodge at Pirnhall is a good option for a hotel (stayed before and its reasonably new, clean and comfy) and its very close to the main services at Stirling. If you arrive at a reasonable time we could do an evening meeting also / instead? The Pirnhall inn next door to the hotel is good for a bite to eat and a few beers. Its also ideal for a morning meeting.

The link to booking the Premier lodge is here : <http://www.premiertravelinn.com/pti/dropdownSearch.do>

Let us know how you get on.

Regards,

David Russell

That's good
We'll get back to you on hotel - if we make it somewhere on the South side of Stirling we can just come straight to you a.m

Morning

I posted your cd yesterday - did you get it?

I'm assuming you are going up to Carron anyway so early morning is best for us - talk over a breakfast? If you can make it 07:30 at Stirling Services then Richard and Dave can join us. Dave has everything on his laptop. It's six and two threes for you going that way anyway as opposed to the M876 and Denny as you are only 10 min's over the hill to Carron from there.

If that's too early, Richard and I can make 08:00 or I can make the Little Chef or somewhere similar on the bypass - similar time.

Richard and Dave R are attending the CVP meeting on Friday. If we could get an agenda from yourself or Rena by some time early next week I think there may be a few items we wish to add

Please let me know what works
