Subject: Meeting 24 May Hamilton

It was good to see many of you at the Bike fest at the weekend, the weather may not have been ideal but that did not dampen the atmosphere or turn out. I certainly found it a very worth while day.

The Project Initiation Document did not go the board on Tuesday due to pressure of business. This is a set back for us but will allow concerns some of partners had about the grading of the Tomtain route to be debated. I expect to get feedback from the project champion Alan Stevenson next week who has studied the document and will give the district team his thoughts.

Meanwhile I think it is appropriate for the planning work to go ahead as planned which will give us the detailed costings and route planning.

I look forward to seeing you next week, on the 24th at 1pm Hamilton.

I attach the agenda and the minutes of the last meeting. I will bring copies.

Yours Jeremy

Subject: RE: CVP - Date of next meeting

Thanks Niall,

It is me that has a problem with attending the Wednesday. I discussed the option of Rena attending on the Wednesday but really felt that I should be present at the meeting. It would be very helpful if you could agree to attend on the Thursday.

Yours Jeremy.

Jeremy

I'm not trying to be deliberately obtuse but I do have a day job and this requires another holiday. I've also arranged my diary around the 23rd - this was the scheduled date and I'd really rather not have to try and change work commitments.

If you've made a mistake or, if you want to change the dates that's fair enough but please do not assume everyone can accommodate your changes.

Could everyone feedback please and state what day they can or cannot attend. If I'm odd man out I'll try to change.

I'd also like CVP process / Concordat added to the agenda please as these quite clearly require immediate discussion

Niall

Hi Gillian,

Jeremy sent an email on Monday with 24th at 1pm in Hamilton as the next

07/10/2008

meeting.

No agenda yet, but Mike has asked for a point on the Bikefest feedback.

Thanks,

Richard.
