Niall

I understand that our Minister has responded to Michael Matheson MSP who was seeking information following correspondence from yourself.

Also Jamie [REDACTED] has been sent a package of documents regarding the FES Board meeting.

I assume that you will have access to all of this.

Alan

Thanks for your somewhat belated email.

I'm glad to hear this however, I believe it remains to be seen whether FES Management Board has been afforded the "opportunity to fully consider the mountain biking proposals which CVDG has lobbied for over a protracted period." Can you confirm if you presented CVDG Project Plan to FES Board - the one you and Michael agreed you would respectively Champion / Sponsor in November 2006?

Michael, FES Board discussed the subject (in some form) on 11th June - would you care to now let me have the outcome?

Thanks

Niall

Niall Thomson

Niall

Thanks for your e-mail.

Nothing has been decided yet. The future of Carron Valley's recreation facilities and their potential for development will be considered at the June meeting of the FES Management Board which will be held next Monday. This will include full consideration of the mountain biking proposals which you have lobbied for over a protracted period. The delay in taking proposals to the Board has been due to other pressures on the Board's time.

I am not going to speculate further on the outcome of the Board's discussion at this point.

Michael will let you have the outcome following the meeting.

Alan
